

Roof Maintenance Tips

The cost of installing a new roof is quite high. However, these costs can easily be mitigated by doing regular maintenance. Here are a few tips for maintaining your roof:

Tip 1

Use snow rake to avoid snow accumulation on roof top as thick layer of snow can lead to roof collapse.

Tip 2

Regularly check & repair small leaks, seals, joints & flashing.

Tip 3

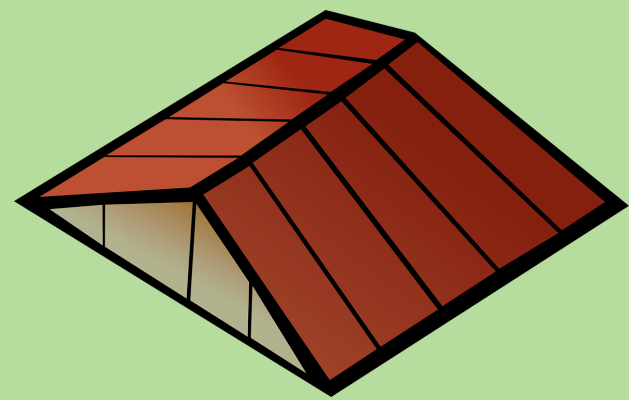

Remove termites, or other pests immediately as they can do significant damage to the roof.

Tip 4

Prevent warping of the roof by installing effective attic ventilation & insulation.

Tip 5

Schedule a roof inspection once a year.
