

Important Rental Tips For Tenants With Kids

Important considerations for tenants who rent a property with kids are:

01

Most rental agreements mention about tenant's responsibility for supervising young children at all times.

02

Tenants with kids are recommended to have iron bar railings or safety nets on the rental's balcony or terrace.

03

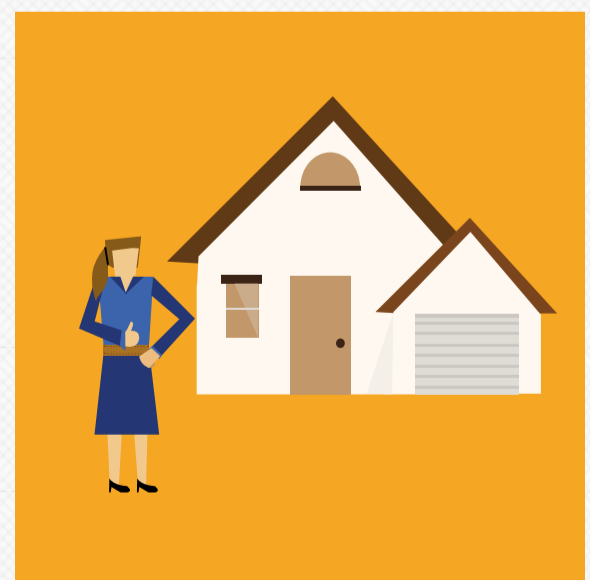

Tenants should ensure that there is no violation of fire safety measures in their rented property.

04

Ensure that the access door is securely locked at all times and put the key where the child cannot possibly reach it.

05

The property managers are responsible for ensuring safety measures like fire drills, leakages, and cleanliness of the surroundings.
