

Preparing Property For Winters

Property winterization helps in maintaining the safety and longevity of property during the winter season. Here are tips on preparing your property for the cold months ahead:

Seal and Insulate

Inspect doors and windows for drafts
Add insulation to walls, attics, and basements

Clear and Protect Gutters

Remove leaves and debris from gutters
Install gutter guards to prevent blockages

Winterize Plumbing

Drain outdoor hoses and sprinkler systems
Insulate exposed pipes to prevent freezing

Inspect Heating Systems

Schedule a professional heating system check
Change furnace filters for better efficiency

Check the Roof

Repair any damaged shingles and make sure the gutters are clean, providing flow of water.

Trim Overhanging Trees

Cut back tree branches that may fall during storms
Ensure no branches are close to power lines or the roof
